

## FAQ

### Family Feud

#### **How will the registration process work?**

Registration takes place on the day of show, starting 3 hours prior to showtime. Registration closes at showtime. Each eligible contestant will show their ID to the event staff, and then write their first, last name and day of birth on a registration card and then drop this card into a designated bin. There is no ticket purchase required to register to be a contestant, and will not be considered a factor in determining eligible contestants or in the contestant selection process.

#### **Can you still go to the show if you are under age?**

Absolutely. Anyone can buy tickets and watch the show. It's often a family affair, however only those 18 years of age or older can be eligible to be a contestant.

#### **Who will be the host and the celebrity Family Feud family captains?**

Host and celebrity team captains vary from venue to venue. Check [fscjartistseries.org](http://fscjartistseries.org) periodically for more information.

#### **Do you have to be with your family to participate?**

No! Our celebrity captains, as well as other audience members, become your 'on-stage family.'

#### **How many teams are selected?**

Four families of four are created during the show to play along with the celebrities. New contestants are selected to play Fast Money and one lucky contestant will play for the chance to win \$5,000 during the show.

#### **What are the prizes? Does each person win a part of the prize?**

All on-stage prizes are cash. Winning teams split the prize evenly. (4 people).

#### **How long is the show?**

Approximately 90-100 minutes with no intermission.

#### **If I do not purchase a ticket but wish to register, what is the process like? When will I find out if I have been selected to be a contestant?**

For non- ticket holders who make it known that they wish to register (No Purchase Necessary), they are given a registration card and go through the same process as ticket holders. A hand stamp is used to indicate that person has received registration card but does not have a ticket to the show. A waiting area will be provided for patrons who wish to register but do not have an admission ticket. Names are randomly selected just prior to the start of the show within 15 minutes. At that time, if you are selected but did not purchase a ticket, you will be invited into the theatre to take a seat. Everyone else in the waiting area are dismissed.

#### **How do people collect their prizes if they win?**

After someone wins a prize, a producer will ask them to return to the front of the stage area immediately after the show where all the necessary paperwork will be filled out. The amount of time the paperwork takes to fill out depends entirely on the number of winners in the show. It is usually no longer than 30 minutes to get through this process for the winners.
